[a]Snowtel sites at Saddle Mountain (Darby), Peterson Meadows (Anaconda), and Copper Camp (Bonner).

~Wolf harvest only reflects those wolves checked at the R2 check stations; it is not total reported harvest for region 2 Wolf Management Units (WMUs). N/A indicates that there was not a wolf season that year.

^The Bonner check station began operating on weekends-only in 2009. Data from prior years was adjusted to include only weekend numbers for comparison.
